

Amendment: Student Data Agreement

On this date: 3/6/15 Crescent City Schools ("CCS") and ST MARY (hereafter referred to as "Receiving Party") agree to amend their contract(s) of 2014-2015 (hereinafter referred to as "The Contract"), whereby, for the purposes of achieving its educational mission, student information may be shared with Receiving Party and stored on computers operated and/or maintained by Receiving Party. Because of the confidential nature of student information that may be shared, CCS and Receiving Party agree to the following:

Receiving Party agrees not to allow access to, release, or allow the release of student information to any person or entity except as specified in this agreement.

Receiving Party agrees not to sell, transfer, share, or process any student information for use in commercial advertising, or marketing, or any other commercial purpose, unless otherwise permitted by this agreement, or by federal, state, and local law.

Receiving Party agrees to create and maintain access and access authentication policies for its computer system that ensure only authorized individuals have access to student information. Authorized individuals include those authorized by CCS and employees or agents of Receiving Party who require access to fulfill the intent of Receiving Party's agreement(s) with CCS.

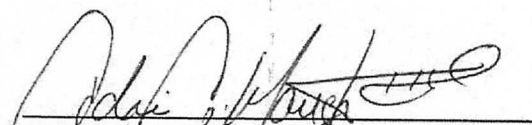

Receiving Party agrees to comply by all Federal, State, and local laws and regulations related to privacy compliance standards.

Receiving Party agrees to provide the results of privacy and security audits on its computer systems that may be required by CCS.

Receiving Party agrees to put in place safeguards on its computer systems against the breach of student information privacy. In the event of a breach of the privacy of student information, Receiving Party agrees to immediately alert CCS and to work with CCS to remediate said breach.

Receiving Party agrees to retain and store student information as required by its agreement(s) with CCS and to delete all student information from its computer systems upon termination of this agreement. All information removed from Receiving Party's servers upon termination of this agreement will be returned to CCS.

The parties agree that this amendment shall be subject to any and all terms and conditions of The Contract, including, but not limited to, any "Indemnity" clauses.
